Task Order 110 – FP Data Mart Operations

Introduction

This is the July monthly report for Task Order 110 Data Mart Operations. The purpose of this task order is to provide the capability to sustain the FP Data Mart. The report information will be provided separately for each system.

FP Data Mart Availability for Production

**Note: Downtime for backups and scheduled outages are not shown

Date	Availability (%)	Notes
Mon- July 1	100%	
Tues - July 2	100%	
Wed - July 3	100%	
Thurs - July 4	100%	
Fri- July 5	100%	
Sat – July 6	100%	
Sun - July 7	100%	
Mon - July 8	100%	
Tues - July 9	100%	
Wed - July 10	100%	
Thurs - July 11	100%

Date	Availability (%)	Notes
Mon - July 29	100%	
Tues - July 30	100%	
Wed - July 31	100%	

FP Data Mart Operations Status

Work Accomplished During This Period

- Completed monthly FP load for June.
- Provided daily monitoring of FP data mart availability.
- Continued tracking SIRs and enhancement requests.
- Continued to update user login information (add, remove, and reset IDs).
- Completed Data Mart Migrations for FP.
- Held bi-weekly FP Meetings with Power Users.
- Completed transition for Informatica Power Center 5.1.2 upgrade

Issues or Anticipated/Current Problems

- None

Planned Work for Next Period

- Continue MicroStrategy reporting enhancements and completion of outstanding SIRs.
- Continue to provide daily monitoring of FP Data Mart.
- Continue to update user login information (add, remove, and reset IDs).
- Continue issue resolution for open FP requests.
- Complete July FP monthly data load.

Help Desk Request Details (FP)

Total Records: 39

ID: MPOps00000213

Title: OCIO Password Requirements not met

State: Ready_for_Approval
Open: 7/19/2002 2:48:36PM
Requestor: Willie Sutton, 202-377-3320

Priority: 3. Low
Target Date: 7/21/2002 4:00:00A

Assigned to: Tina Liu, 202-962-0726

Description:
Password requirements do not adhere to the minimum OCIO requirements in terms of length and composition (8 characters consisting of 1 capital and 1 numeric character)

Microstrategy Case #160279

Activity Log:

===== State: Ready_for_Approval by:tliu at 7/24/02 11:57:39 AM =====

Migrated to production on Sunday 7/21/02. Once FP power users (Nettie) prove it, we can close the issue.
===== State: Opened by:tliu at 7/19/02 10:53:47 AM =====

7/1/02 (T.Liu): Added customization code to the asp file: ChangePasswordCuLib.asp. Implemented in dev/test web server.
Will migrate to production on 7/21/02.

ID: MPOps00000214

Title: Security filter applies to calculating total amoun

State: Ready_for_Approval
Open: 6/11/2002 7:00:00PM
Requestor: Tina Liu, 202-962-0726

Priority: 1. High
Target Date: 7/21/2002 4:00:00A

Assigned to: Tina Liu, 202-962-0726

Description:

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 7 of 32

Task Order 110 – FP Data Mart Operations

Security filter filters out data to calculate total amount.   For example, for the GA Federal Fund report, the "% of Total
Federal Fund Ending Balance" will become 100% for invidual GA report with the security filter filering out other GA data.

Activity Log:
===== State: Assigned by:tliu at 8/5/02 10:23:46 AM =====

8 test GA IDs have been created and applied to both test and production projects: 706*, 708, 712*, 713, 717*, 725*, 755,
800.(the IDs identified with an asterick have the "view all" access to public GA reports).

===== State: Opened by:tliu at 7/19/02 11:02:57 AM =====

6/18/02 (T.Liu): MSTR tech support suggested tech note: TN4000-071-0307 for this case, but it only applies to total calculation that
is based on the parent attribute of the child attribute that is filtered by security filter.

6/28/02 (T.Liu): FP power users want to allow GA see all other GA's data for some reports. Tried to implement a "fake" parent
of GA to achieve the goal of ignoring security filter setting for some reports but it did not work. Will discuss another simple
solution: having an individual ID and a group ID for every GA. The group ID will be the same that can be used to view public
GA reports, while the individual ID should be used to access any other report with security filter applied.

ID:	MPOps00000215	**Title:**	Export size limit

State:	Closed	**Priority:**	High
Open:	7/19/2002 3:06:10PM	**Target Date:**	7/21/2002 4:00:00A
Requestor:	Susan Haenel-Beck, 917-767-6435		
		Assigned to:	Tina Liu, 202-962-0726

Description:
Users are having a problem with the size of a report and exporting it to Excel. One of the reports, Shared Reports>ED 799 Reports>Part IV is too large to export. I think the maximum needs to be reset as Part IV reports would traditionally be larger due to the numerous adjustments that are usually made. What is the maximum report size to export and how can we change/elminate this?

Activity Log:
===== State: Opened by:tliu at 7/19/02 11:08:31 AM =====

7/1/02 (T.Liu): Opened the SIR and sent email to Susan asking for detail. Susan replied asking me to call her.

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 8 of 32

Task Order 110 – FP Data Mart Operations

Susan called with the following information: Lender ID: 831821,832095,833347. Select time period from March 1997 till

present. Applied the following fix to test project:
1. Set the project server configuration on SFANT001 -> Governing -> Maximum number of XML Cells: 5000
2. Change the Web server request time out to be 2100 (s)
3. Change the export preference (Project Default) setting to be:
    Maximum number of rows to export to plain text: 50000
    Maximum number of rows to export to Excel with plain text or Lotus with plain text: 30000
    Maximum number of rows to Excel with or without formatting or to HTML: 20000

Need VDC support in order to change on production web server. Sent email to Susan about current status. The web user who

needs to export the report may use test project for now.

7/17/02 (T.Liu): Got email from Susan who forwarded email from Voltaggio, Nicholas:

I ran the report. It took a half hour, but everything was fine. I was able to hide the totals and after I drilled to my liking

everything downloaded fine. They did a good job on this.

ID:	MPOps00000216	**Title:**	Total not calculated correctly

State:	Closed	**Priority:**	1. High
Open:	7/19/2002 3:18:19PM	**Target Date:**	7/21/2002 4:00:00A
Requestor:	Nettie Harding, 202-377-3307		
		Assigned to:	Lisa Phillips, 202-962-0724

Description:
   Nettie reported a problem with the total calculation on the report <Default Dollars Paid to Lenders>. The total is much bigger
   than it should be.

Activity Log:
===== State: Opened by:tliu at 7/19/02 11:19:47 AM =====

7/2/02 (T.Liu): Found out that the problem will occur after having the "Rank" columns in the report. Reassigned to Lisa to
   continue working on it.

7/2/01(LP): Determined that the rank metrics needed to match the break by for the report. Sent e-mail to Nettie:
   Nettie,

   I have been working on the request for updating the Default Dollars Paid to Lenders report to fix the totals problem. We have

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 9 of 32

Task Order 110 – FP Data Mart Operations

determined that the totals are incorrect because the metric was on the break by for Quarter (Ending Date) while the report was

on the page by for Fiscal Year. I have updated the report in Dev under the /GA Data Book directory, so that the metrics have

been updated correctly. If you would prefer the report to page by Quarter (Ending Date) we can do this as well. (The other

reports in the /GA Data Book directory are page by Quarter(Ending Date)).

You can view the report with the page by for Fiscal Year under the Reports/GA Data Book/Default Dollars Paid to Lenders or

you may view the report with the page by for Quarter (Ending Date) under the Reports/Enhancement/ID466/Default Dollars

Paid to Lenders folder. These are both on the DEV environment.

After you have reviewed both reports, let me know what you prefer and we will ensure that the report will be migrated next

Sunday. .

Thanks!

Lisa

   Those four reports have been migrated to test project under Form 2000 subfolder. I have done some small improvement on those
   reports. Please verify those reports at your earliest convenience. You may see some objects still remain in your personal
   folder, they are not used by those four reports, feel free to delete them. One thing that I noticed but have not changed is for
   GA Annual Report (1.2.12), none of the metrics are shown in dollar format. Do you want me to change them to be in dollar
   format?

ID:	MPOps00000218	**Title:**	Metadata problems in production project

State: Closed   **Priority:**   High
Open: 7/19/2002 3:32:25PM   **Target Date:**   7/21/2002 4:00:00A
Requestor: Tina Liu, 202-962-0726

                                                             Assigned to: Tina Liu, 202-962-0726

Description:
   Fact table F_LEAP_SLEAP_AWRD, LKP_SCH_BRNCH_STATUS, and F_GA_RFND did not get migrated correctly. Metadata
   contains invalid names for those tables.

Activity Log:

===== State: Opened by:tliu at 7/19/02 11:33:49 AM =====

   7/2/2002 (T.Liu): Opened the SIR. Need to submit a CR for remigrating the schema and application objects related to those

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 12 of 32

Task Order 110 – FP Data Mart Operations

three corrupted tables. No immediate threat to the data mart because the corruption is not very serious (Table names are messed
up). Suggested fixing steps:
1. Remigrate the attributes related to those tables from test to production.
2. If #1 does not prove to work, then
we will have to delete all related objects
(including application and schema objects) from production and then remigrate everything related from test project to
production.
3. Verify the schema objects have been migrated completely.
4. Update schema on production project.
5. Run ScanMD over production metadata to fix any potential problems.

7/3/2002 (T.Liu): Found similar problems in FP Dev project. Manually fixed
various fact names bearing a bunch of "?" as the name. But two tables cannot be fixed: D_GA_CITIES, F_SOA_ACTVY_SUMMARY.   Ran ScanMD, which cannot fix
the problem (it did not even detect the problem). Logged a MSTR Tech support case #174015. Duplicated both test and
production projects (schema objects only for production project) and send it to MSTR tech support to debug.

7/8/02 (T.Liu): Got email from MicroStrategy Tech Support:
"

Ms. Liu,

I am contacting you in regards to case 174015. The case description may be found below. As far as this case is concerned, please try and remove the 3 tables from the warehouse catalog and readd them
back to see if that helps fix the problem. After re-adding the tables, try saving your changes. Make sure that when you remove your tables from the right side to the left side, that you do not 'save and close' the warehouse catalog, otherwise you will loose all your dependent objects. After moving them to the left, just move them over back to the right and see if that helps. Also, what database are you using for your warehouse? Would it be possible to send me your DDL scripts so that I can try and recreate the issue from my end? Thank you.
"

Tried the proposed solution but it did not work. Sent response via the web interface back to MSTR tech support and
uploaded the scripts for creating release 2
tables on MSTR download site. Tech
support may use the scripts to create
release 2 tables and hence
re-produce our
problem at warehouse
catalog level.

Page 13 of 32

Task Order 110 – FP Data Mart Operations

Got phone call from Tech support and went through some possible fix together, no positive result.   Tech support said that this may have something to do with our current MicroStrategy I-server version because he has seen similar issues

before. We should upgrade to 7i . In 7i release, tables can be migrated the same way as other

schema objects, but current version only attributes or facts can be migrated between projects, which tables are migrated implicitly along with dependent attributes and/or facts. If

no "shortcut" can be found to solve

this issue, the following steps can be done (It is simpler than

the orginally proposed fixing steps logged in 7/2/2002):

1. Create temp tables that have the same table structure as the problematic tables.

2. Load temp tables into the project and have all the

attributes/facts that are dependent on the problematic

tables dependent on the temp tables as well.

In this case, removing problematic tables will not cause

a delete over all other dependent objects.

3. Remove problematic tables from the

warehouse

catalog.

4. Migrate all schema objects that are dependent on

the removed problematic tables from test to

production and dev projects.

This will bring the

correct tables back to the

catalog.

5. Remove temp tables from the

warehouse

catalog.

6. Update schema.

　　　　　　　　　　　　　　　　　　　Assigned to:　　Mark Mandrella, 202-962-0721

Description:
　User reported the problem with exporting a report to Excel workbook. He would get a popup message box stating the following message (user can choose to ignore the message and continue without any problem though):
　Microsoft Excel cannot access the file
　'http://fp-mart.sfa.ed.gov/microstrategy7/Export.asp?5_15_51PM.AnnualReport_FinancialFundStmt'. There are several
　possible reason:
　The file name or path does not exist.
　The file you are trying to open is being used by another program. Close the document in the other program and try again.
　The name of the workbook you're trying to save is the same as the name of another documetn that is read-only. Try saving the
　workbook with a different name.

Activity Log:

===== State: Assigned by:mmandrella at 7/31/02 2:23:59 PM =====

　I am closing this SIR, because I think it is safe to assume that the problem is with the Office Service Pack installation. The SIR
　can be reopened if this solution (installing the Service Pack) does not work for all users.

===== State: Assigned by:mmandrella at 7/29/02 11:09:33 AM =====

　Ben replied that his error went away after he installed service pack 1 for Office 2000 - same as Jerry. So, he will make sure all
　users upgrade to this SP and the error will probably go away.

===== State: Assigned by:mmandrella at 7/29/02 10:50:22 AM =====

Summary Thusfar:

　1. Jerry Wallace does not get problem anymore after upgrading to IE 6.0.2600.000 Service Pack I. Also does not get error on
　Netscape 4.08.
　2. Susan Haenel-Beck does not get problem on IE 5.50.4522.1800. She was getting error on an older machine.
　3. Ben Chiu gets error with version 6.0.2600.000, but it is unclear if he has Service Pack 1 installed. Waiting for him to verify
　this.

Page 15 of 32

Task Order 110 – FP Data Mart Operations

===== State: Assigned by:mmandrella at 7/24/02 10:41:52 AM =====

Spoke with Ben Chiu. There is one version of IE 6 that works for him (Windows XP) and one version (on Windows 2000) that
gives the error. He will send me the exact versions of those browsers, along with version numbers of IE 5.5 that are giving the
errors.

===== State: Assigned by:mmandrella at 7/23/02 2:01:57 PM =====

Ben Chiu called me and said he is not getting the error with IE 6 at home, but IS getting the error at work with IE 6. Also,
people in his office with IE 5.5 are getting the error.

===== State: Opened by:tliu at 7/19/02 11:50:13 AM =====

7/16/02 (Mark M): I could not duplicate the problem, so I contacted Ben Chiu via email to set up a time to try to work it
through with him. He responded saying he was out of the office for the week, and will contact me upon returning. In the
meantime, Susan Haenel-Beck reported a similar Excel problem. So, I am going to work with her on her problem and see it the
resolution can resolve Ben's.

State: Ready_for_Approval   **Priority:** 3. Low
Open: 7/15/2002 7:00:00PM   **Target Date:**   8/5/2002   4:00:00AM
Requestor: Susan Haenel-Beck, 917-767-6435

                                                         Assigned to: Tina Liu, 202-962-0726
Description:
Susan wants to include the calculation of the delinquency rate metrics in the report "Lender Delinquency Rate".

Activity Log:
===== State: Opened by:tliu at 7/19/02 11:56:07 AM =====

7/15/02 (T.Liu): Opened the SIR. Checked current report format and found out that the metrics we have are named as such:

Past Due (799:VI)
Repay (799:VI)
Delinquency Rate

Set the above metric alias to be the following:

Task Order 110 – FP Data Mart Operations

Total Amount of Delinquent Loans (799:VI:3b to 3h)
Total Amount of Loans in Repyament (799:VI:3a to 3h)
Delinquency Rate (Total Amount of Delinquent Loans / Total Amount of Loans in Repayment)

Saved the new version in enhancement folder and sent email to Susan and Nettie for comments.

ID: MPOps00000225   **Title:**   Changes to Lender Portfolio Percentage by GA Repor

State: Needs_Clarification   **Priority:**   2. Medium
Open: 7/16/2002 7:00:00PM   **Target Date:**   8/5/2002 4:00:00AM
Requestor: Tina Liu, 202-962-0726

                                            Assigned to: Tina Liu, 202-962-0726

Description:
Please make the following changes on the Lender Portfolio Percentage by GA report:

1) Delete the "Total GA Portfolio" metric
2) Add a total row at the bottom of the report. Do not total the "Rank" metric.

Activity Log:

===== State: Opened by:tliu at 7/19/02 12:00:47 PM =====

 7/16/02 (T.Liu): Changes have applied to both dev and test FP projects. Since our test project includes GA 555 that does not
 have corresponding lookup entry, so the total percentage does not add up to 100% (because GA 555 is not showing up on the
 report but it is taken into the calculation of the total).   Need to ask DMIT group about whether or not getting rid of GA 555
 from the fact table.

 7/17/02 (T.Liu): Informed DMIT group about the situation, they will discuss over this.

ID: MPOps00000228   **Title:**   Change to Lender Scorecard>Loan Purchases

State: Ready_for_Approval   **Priority:**   3. Low
Open: 7/23/2002 3:51:14PM   **Target Date:**   8/5/2002 4:00:00AM
Requestor: Susan Haenel-Beck, 917-767-6435

                                            Assigned to: Tina Liu, 202-962-0726

Description:
 On the Lender Purchases report, one of the column headings has the percentage of purchase to the total portfolio. The
 percentage column has a reference to the 799 - "(799:V)". This reference should be removed as the number is calculated by
 the data mart and does not come from the 799.

Task Order 110 – FP Data Mart Operations

===== State: Assigned by:tliu at 7/23/02 11:55:24 AM =====

Changed it on dev and test projects, will migrate it to production on 8/4/2002.

ID:	MPOps00000229	**Title:**	Changes to Lender Capitalized Interest report

State: Needs_Clarification   **Priority:**   2. Medium
Open: 7/23/2002   3:56:58PM   **Target Date:**   8/5/2002   4:00:00AM
Requestor: Susan Haenel-Beck, 917-767-6435

Assigned to: Tina Liu, 202-962-0726

Description:
I need to make a minor change to the Lender Capitalized Interest report. Is there way we can drill to a total for each quarter (i.e., remove the loan type)? I've tried but with no luck.

Activity Log:

===== State: Assigned by:tliu at 7/23/02 1:24:04 PM =====

Sent email to Susan:

There are two ways to implement this: 1. add a subtotal for each quarter (it will sum up every loan type in that quarter) directly
on the report, no drill needs to be done. 2. add a metric for calculating the total not grouping by the loan type. The metric will
not show up on the report, but you will be able to drill to it.
   Which
way you
prefer?

   Note that if we want to
remove "Loan Type"
from the report, new template needs to be created.

===== State: Opened by:tliu at 7/23/02 12:01:37 PM =====

Sent email to Susan:

There are two ways to implement this: 1. add a subtotal for each quarter (it will sum up every loan type in that quarter) directly

Title: Add a total column to Lender Sales report

State: Needs_Clarification
Open: 7/23/2002 5:29:08PM
Requestor: Susan Haenel-Beck, 917-767-6435

Priority: 2. Medium
Target Date: 8/5/2002 4:00:00AM

Assigned to: Mark Mandrella, 202-962-0721

Description:
Susan wants to add a metric column to the Lender Sales report for the total of Beginning Principal Balance and Disbursements.

Activity Log:

===== State: Needs_Clarification by:tliu at 7/24/02 2:17:10 PM =====

On DMIT meeting:

  Replace the existing two columns with one column, give it a name: Total Beg.Bal+Disb.

===== State: Assigned by:tliu at 7/23/02 1:39:06 PM =====

Sent email to Susan:

  As long as DMIT group agrees upon this, we will add another column. Please give us a suitable column name for this new
  metric.

ID: MPOps00000235

Title: Add GA-lender relationship

State: Ready_for_Approval
Open: 7/24/2002 3:50:08PM
Requestor: Nettie Harding, 202-377-3307

Priority: 1. High
Target Date: 8/5/2002 4:00:00AM

Assigned to: Tina Liu, 202-962-0726

Description:
In order to allow GA see some lender data (only those lenders that the corresponding GA services), we need to add a GA-lender
  parent-children relationship plus the supporting relationship table in the warehouse.

Activity Log:
===== State: Assigned by:tliu at 7/31/02 1:07:45 PM =====

The relationship table and related schema change has been applied to test project as well.

===== State: Opened by:tliu at 7/24/02 11:53:36 AM =====

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 19 of 32

Task Order 110 – FP Data Mart Operations

The relationship table has been created and populated with NSLDS data in all three warehouses. Dev project has added the
  GA-lender relationship at the schema level (loaded the table GA_LNDR_MAP into the data mart) and has been tested with a
  sample GA ID.

ID: MPOps00000236   **Title:**   GA Delinquency Aging data problem

State: Assigned   **Priority:**   2. Medium
Open: 7/24/2002   4:00:45PM   **Target Date:**   8/5/2002   4:00:00AM

ID: MPOps00000240   **Title:**   Changes to LSC Report

State: Assigned   **Priority:**   2. Medium
Open: 7/26/2002 2:01:02PM   **Target Date:**   8/19/2002 4:00:00A
Requestor: Susan Haenel-Beck, 917-767-6435

                                          Assigned to: Tina Liu, 202-962-0726
Description:
   As per the DMIT group conference call yesterday, please make the following changes to the lender scorecard (LSC) report and underlying reports.

   1. The underlying reports should be renamed to correspond to the LSC
   element being measured. For example, SI #1 Portfolio Characerics should be the name of the report on the LSC for the scorecard
   indicator (SI) number one. As this is only a report used on lenders, the "lender" in the report title can be removed as it is
   repetitious and we might need the space.
   2. The LSC report should have a column added to show the actual result
   that determined the rating.
   3. Both the Scorecard Dictionary Report and the report ranking lenders by volume should be hidden and only available as an
   aid within the LSC reports.

   Let me know if you have any
   questions.

ID: MPOps00000241   **Title:**   Issues with DM Report from Release 2 - PEPS

State: Assigned   **Priority:**   1. High
Open: 7/26/2002 2:05:23PM   **Target Date:**   8/5/2002 4:00:00AM
Requestor: Susan Haenel-Beck, 917-767-6435

                                          Assigned to: Lisa Phillips, 202-962-0724
Description:
   There are a number of issues with regard to the PEPS reports. The Lender Program Review Results (1.1.14), Lender Program Review Summary (1.1.14) and Lender Program Review Deficiency (1.1.14.a) are combined into one report.

   There seem to be three issues:

   1. Scope codes are duplicated (i.e., scope code of 9 shows 18, scope code of 5 shows 10)
   2. Liabilities are 4 times higher (i.e., liability of 1,000 is showing as 4,000)

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 21 of 32

Task Order 110 – FP Data Mart Operations

3. Data is not updated regularly (need to get on regular schedules to make viable)

The LID used is 807745 out of NY. When you get to the report, let me know if I can assist you.

Activity Log:

===== State: Assigned by:tliu at 8/1/02 11:01:11 AM =====

Not only for F_LNDR_RVW and F_LNDR_RVW_DFCNCY tables, the other two PEPS tables F_LNDR_AUDIT and F_LNDR_AUDIT_DFCNCY
have the same problem. Called and sent email to PEPS DBA Sam Dejone to verify that PEPS is sending us complete data set
rather than updated data every monthly load. We need to truncate the four fact tables before loading new data every time.
But for test project, since we have dummy data in those tables, we need to add a conditional truncating command to delete
records with the ID greater or equal than 0 (because all dummy data have primary key defined as negative number).

===== State: Assigned by:lphillips at 7/30/02 10:35:24 AM =====

It seems the same data were loaded into the table F_LNDR_RVW and F_LNDR_RVW_DFCNCY twice. Need to check on the
Informatica loading process.

                                            Assigned to: Tina Liu, 202-962-0726

Description:
For GA 725, Week 4/1/01 to 4/7/01, the value for SR-1-D and SR-1-E are reversed between Data Mart and FMS.Data Mart
shows $32,726.93 for SR-1-D and zero for SR-1-E. FMS shows zero for SR-1-D and $32,726.93 for SR-1-E.

Activity Log:

===== State: Assigned by:tliu at 8/5/02 10:39:39 AM =====

Needs to contact FMS VFA resource for those manual data.

ID: MPOps00000253   **Title:**   1.2.6 GA Fee Payments

State: Assigned   **Priority:** 2. Medium
Open: 7/30/2002 7:29:17PM   **Target Date:**
Requestor: Ben Chiu, 415-556-4136

                                            Assigned to: Tina Liu, 202-962-0726

Description:
Portfolio balances, Paid AMF and Paid LPIF do not match Form 2000. One reason is the last payment is made after the fiscal year. For example, 4th QTR AMF was paid in 1st quarter of the next FY. Also for FY 2001, it look like all AMF and LPIF payments were made via Manual invoices in January and did not show up as AMIF or LPIF payments in FMS.

No VFA fees are shown for any of the VFA GA's for 2001. The CSAC VFA Fee looks like it was paid via a manual invoice
in FMS.

Activity Log:

===== State: Assigned by:tliu at 8/5/02 10:45:00 AM =====

Called FMS DBA Marcus and sent email to Todd Kaywood on 8/2/02, asking for SQL query behind generating the following
FMS reports (quote from Ben Chiu's email):

>For Total Fees Paid, I ran the "SFA GA SOA Detail Report". For the AMF and LPIF payments, I ran "SFA GA SOA
NSLDS AMF Detailed Report" and "SFA GA SOA NSLDS LPIF Detailed Report".

ID: MPOps00000254   **Title:**   1.2.6.1 GA Requested and Paid Fees

8/21/2001 (Annie Barton) Waiting for new release of Microstrategy

8/22/2001 (Keisha Contee) Our Microstrategy Case #137013 for this enhancement has been logged as an enhancement (Log id 127716) on the Microstrategy Side. We need to wait for a release that states, 127716 has been fixed.

11/29/01 (Bob Audet) Called MicroStrategy Technical Services to verify the status of the enhancement. Currently not fix date has been determined by MicroStrategy Technology. Estimated time would be Q2 2002, second release of 7.2. Reassigned to Robert Audet.

1/2/2002 (Tina Liu) Reassigned to Tina

1/22/2002 (Tina Liu) Discussed with Ahmad and he suggested to put the request type to Enhancement because we do not know if the Phase II will be using MSTR 7.2 or not.

ID: MPOps00000260   **Title:**   Data Mart users lose access when NT patches are in

State: Postponed   **Priority:**   3. Low
Open: 7/18/2001 4:19:05PM   **Target Date:**
Requestor: Lisa Phillips, 202-962-0724

                                                 Assigned to: Tina Liu, 202-962-0726

Description:

Page 26 of 32

Task Order 110 – FP Data Mart Operations

Data Mart users lose access to Microstrategy reports when patches are installed on the NT server.

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:20:25 PM =====

7/18/2001 (Keisha Contee) Annie logged problem on the Microstrategy web site. Microstrategy suggested we
  upgrade to version 7.1.1 and the problem would be resolved. We are currently running version 7.1.1. Annie will
  continue to investigate the issue.

11/26/01 (Bob Audet) We tried to add groups in 2-tier mode with server down. Still does not work. Reassigned to
  Bob.

12/14/01 (Bob Audet) Recommend further research. May want to postpone until next upgrade at DOE.

1/2/2002 (Tina Liu) Reassigned to Tina.

1/3/2002 (Tina Liu) Reassigned to Mark.

1/23/2002 (Tina Liu) Reassigned to Tina.

ID: MPOps00000261

State: Postponed
Open: 6/4/2001 4:21:54PM
Requestor: Tina Liu, 202-962-0726

Title: Page-by area not working as expected

Priority: 2. Medium
Target Date:

Assigned to:

Description:
 This was logged as a problem with MicroStrategy. The MicroStrategy case number is: 130845. During testing,
 we fixed the report that had the problem, however there is the possibility that a user may modify their version
 of a report to re-create this problem.

Activity Log:

ID: MPOps00000262

State: Postponed
Open: 6/4/2001 4:25:18PM
Requestor: Tina Liu, 202-962-0726

Title: Search for Lender by name

Priority: 1. High
Target Date:

Assigned to: Tina Liu, 202-962-0726

Description:
 The users wanted to be able to lookup by a lender name instead of a lender id. Annie put in most of the ability
 to do this, but then ran into a problem with MicroStrategy. She logged a MicroStrategy case number: 128596.

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 27 of 32

Task Order 110 – FP Data Mart Operations

Annie was able to allow a user to lookup a lender by typing in a one-word name, but the problem comes in when
trying to search when multiple words are given.

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:26:21 PM =====

6/7/2001 (Annie Barton) Paul requested to search by lender name as well for Consolidation Loan Rebate Fee Report.

7/10/2001 (Annie Barton) Defect in Microstrategy. Need to wait for new release to fix the problem.

8/4/2001(Annie Barton) Susan Haenel-Beck requested to search by lender name as well for Consolidation Loan Rebate Fee Report.

11/29/01 (Bob Audet) Called MicroStrategy Technical Support and they fixed confirmed the issue for release 7.2
Beta 1. I recommend that we wait until general availability of 7.2 in Q1 of 2002.

1/2/2002 (Tina Liu) Reassigned to Tina.

ID:	MPOps00000263	**Title:**	Login before projects are displayed

State:	Postponed	**Priority:**	1. High
Open:	9/6/2001 4:26:34PM	**Target Date:**	
Requestor:	Tina Liu, 202-962-0726		
		Assigned to:	Tina Liu, 202-962-0726

Description:
For security purposes it is better if the user logs in first and then chooses the appropriate project. This method will only display the projects the user can access. With situation, when the users' password expires, they are not prompted to change it and locked out of the project.

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:27:42 PM =====

9/6/2001 (Annie Barton) Awaiting a new release in Microstrategy to implement this new procedure.

11/26/2001 (Bob Audet) This issue is linked to issue #229, Assigned to Bob.

11/29/01 (Bob Audet) Emailed the FP Power Users to decide if this issue should be closed since a workaround from Issue #229 was provided and the issue subsequently closed.

12/03/01 (Bob Audet) Moved to 'Needs Clarification' because the FP Power Users need to decide whether this issue can be closed since it is similar to Issue #229 that was closed.

Page 28 of 32

Task Order 110 – FP Data Mart Operations

1/2/2002 (Tina Liu) Reassigned to Tina.

1/11/2002 (Tina Liu) Sent email to Nettie Harding for action update.

1/18/2002 (Tina Liu) called Nettie to clarify the status and then called Tech support, logging two issues: 155688 for desktop password expiration reminder and 155689 for web login twice. Tech support for issue 155689 provided a resolution: log in as Administrator, click on a project -> preferences -> Project defaults -> Project display and change the Project list selection from "Show all the projects connected to the Web Server before the user logs in" to "Log in, then show the projects accessible by the supplied login". This setting will not hold after user logs out and then relogin after a while. Reset the target date to 2/1/2002.

1/22/02 (Tina Liu): The preference setting on production server was actually successful after rechecking it today. But the dev web server reported error: "'Error Saving Personal Preferences. Your project default preferences could not be saved. Your permissions on the Web folder or in its contents may be incorrect". MSTR Tech Support provided two tech notes "TN5600-7X0-0304" and :N5600-7X0-0142" to tackle this issue. Sent email to Benson Hwang for the security property setting of file AdminOptions.xml on dev server. Benson changed the setting to allow changes, now it works on dev server as well.

1/29/02 (Tina Liu): The login and projects setting works fine with MSTR Web 7.1.2 version but is not stable for the 7.1 version. For the password expiration problem, MSTR Tech support is still investigating on it. For now, run scripts in MSTR Command center to gather user profiles and run a java program accenture.modpartner.datamart.FileTransform to change the format of the user profile files to be sorted in ascending order based on the password expiration time and put properties of the same user into one row, which
may later be exported to an Excel file and sent to Willie Sutton. The first file generated on today has already been sent to Willie to review.

1/30/2002 (Tina Liu): MSTR Tech Support sent email confirming that the password expiration problem has been
fixed for MSTR Web release 7.2, which is scheduled to come in late Q1/2002 or early Q2/2002. Change the status to be postponed until the next upgrade to MSTR 7.2.

2/11/2002 (Tina Liu): Figured out the unstable setting problem is indeed a dual-web server issue. When the setting was changed, it was only applied to one of the web servers, this is why we may observe different behavior for the default page. Set to use "Login.asp" for both web servers. The password expiration problem will still occur. Needs to remind users to use "Projects.asp" to change password when it is reset by the administrator to force change of password at next login.

ID:	MPOps00000264	**Title:**	Subtotals appearing at top of Report
State:	Postponed	**Priority:**	3. Low
Open:	2/21/2002 5:28:10PM	**Target Date:**	
Requestor:	Susan Haenel-Beck, 917-767-6435		
		Assigned to:	Lisa Phillips, 202-962-0724

Description:
When running the Part II and Part III reports from the web the totals are displayed at the bottom of each lender.

Page 29 of 32

Task Order 110 – FP Data Mart Operations

When moving the "Quarter Ending Date" from the columns to rows, the subtotals now appear at the top of each
lender.

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:31:00 PM =====

2/21 (LP): In a meeting with the power users it was discussed that we move the Qtrs from the column to the
rows in template to fix the problem.

2/21(LP): Could not move the Qtrs from the column to rows. Error still occurs. This is a problem with MSTR 7.1
but has been identified for the next release: This note is from their support site:

Defects and enhancements addressed in MicroStrategy 7 7.1.3
MicroStrategy Agent 7.1.1 TS Case 141024 Subtotals are always displayed at the top if attributes are sorted

ID:	MPOps00000265	**Title:**	We need to use dynamic quarter prompts

State: Postponed   **Priority:** 3. Low
Open: 2/22/2002 5:31:04PM   **Target Date:**
Requestor: Tina Liu, 202-962-0726

Assigned to: Tina Liu, 202-962-0726

Description:
Some quarter prompts in FP data mart use a pre-selected element list with the ending quarter of September 2001
 (or December 2001) should be changed to be dynamic prompts that will include only those valid quarters that
 appear in the related fact source table(s).

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:32:08 PM =====

2/22/2002 (Tina Liu): Opened the issue and assigned to Tina. This is postponed due to a bug with MicroStrategy
 Web 7.1 (it does not support set qualification type of filter). Should be fixed in 7i release on March-April time

ID:	MPOps00000266	**Title:**	No Limit for login attempts

State: Postponed   **Priority:** 3. Low
Open: 3/4/2002 5:32:12PM   **Target Date:**
Requestor: Tina Liu, 202-962-0726

Assigned to: Tina Liu, 202-962-0726

Description:
There is no limit to the number of invalid access attempts that may occur for a given user on the CMDM (or any
 datamart).

Document: FP Data Mart Operations Monthly Metrics Report
Created By: Operations Support Team
Last Modified: 08/28/02 1:03 PM

Page 31 of 32

Task Order 110 – FP Data Mart Operations

Description:

MicroStrategy web 7.1 does not take drilling setting from report. In order to allow users to drill from Lender Scorecard summary report to individual lender scorecard report, we have to set web drilling setting to "allow drilling everywhere". Under this setting, users will be able to drill to some areas that should not be exposed to users or users will get server error when trying to drill. An example problem is for the report "Lender ED 799 Late". When user tried to drill on the metric, he got a new metric called "Max FQ Ending Date" in Julia format. We should never allow users to see this metric.

Activity Log:

===== State: Opened by:lphillips at 7/31/02 12:54:34 PM =====

7/15/02 (T.Liu): Opened the SIR. Since it is an known bug for web 7.1. We will need to revisit this issue after installing 7i.
